

At The Cliffs Communities, we have a mission to maintain and enhance the life and lifestyle of our members along with the natural environment in which we live. We encourage a variety of green building techniques throughout our family of communities and bring many of these techniques together in "The Showcase Green Home" at The Cliffs at Mountain Park.

SUSTAINABILITY

Designed by local architects at The Johnston Design Group, nationally recognized for their environmentally-responsive design, The Showcase Green Home offers 4,000-square-feet of luxury, comfort and environmental sustainability.

The Cliffs at Mountain Park is creating a lifestyle born of nature and nurtured by tradition. Anchored by a quaint European Village and accented by an Organic Farm and Gary Player Signature Course, The Cliffs at Mountain Park offers the lifestyle you've dreamed of and your family deserves. Discover the Spring release of The Cottages at Gary Player Estates exclusively available at The Cliffs at Mountain Park.

The Cliffs

AT MOUNTAIN PARK

Homesites from the \$300,000s.
Homes from the \$900,000s.
